

**Public Notice**  
**Flu Vaccination Campaign – 2020-21**  
**Patients Registered With Larne GP Practices**

This year things are very different. Around 10,000 of our patients require a flu vaccination. Unfortunately social distancing in existing Practice premises is impossible and the prospect of the vaccination campaign being extended to all over 50 year olds have all added challenges for all GP Practices.

We are pleased to announce that all Practices in Larne have worked together in order to arrange and deliver the Flu Campaign. With the cooperation of Mid and East Antrim Council we have been able to secure a venue that can accommodate a large flow of people in order to get everyone vaccinated safely.

We will be delivering our Flu Vaccinations Clinics from:

**Larne Market Yard**  
**Station Road**  
**Larne**  
**BT40 1AA**

All patients have been identified as per the Department of Health guidance and should receive an invitation letter soon to arrange an appointment

**Please wait for your letter to arrive before contacting your Practice for an Appointment**

**Please note:-**

- **Do not attend** if you or a household family member are unwell with any of the signs or symptoms of Covid 19 or you have been told to isolate
- **Remember to bring your letter to your appointment.** If you do not bring your letter you will not be able to have your vaccine – **no exceptions**
- **Wear suitable clothes** which will make it easy for you as once inside the room you should be ready to receive the vaccine (i.e. upper arm exposed) The vaccinations will be given in a public open room in order to comply with infection control guidelines
- **You Must** wear a face covering
- **If it is raining on the day** please come prepared with an umbrella as the queue will be outside for a short period of time
- **Please heed the instructions of the staff who are supervising the patient flow,** they are there for your safety
- **Be assured** that we will be operating a socially distanced queuing system and strict infection control measures to reduce the risk of Covid 19 in order to keep everyone safe

Thank you for your support and cooperation.

We can assure you that the Practices are continuing to work tirelessly in order to provide the best possible service that we can under the ongoing difficult circumstances.
